	 4mm			
Handle 5 PCS	Allen Wrench 1 PC	File Hanger 6 PCS		

## ADDITIONAL TOOLS (Not Provided)

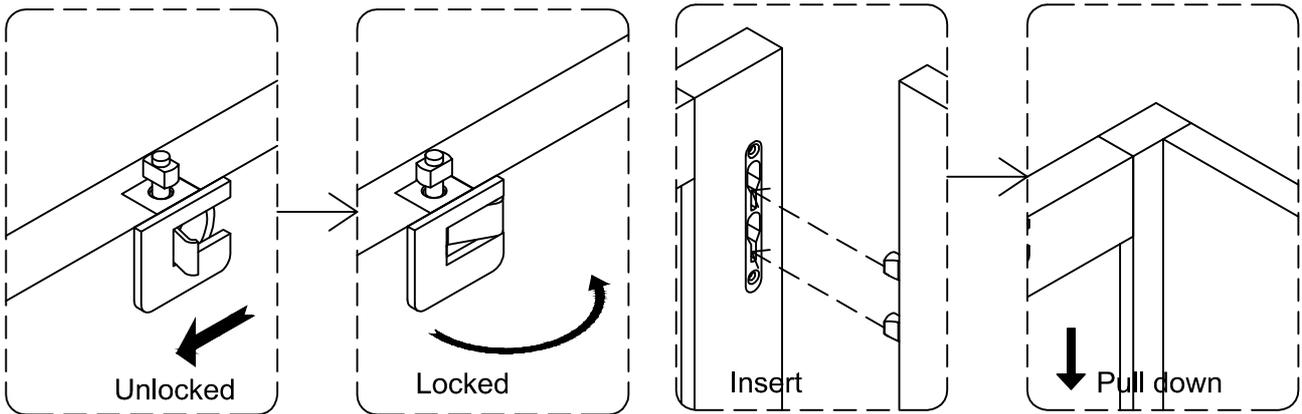

Note: It is not recommended to use power tools during assembly.

Phillips Head Screwdriver

Note: Wood dowels are intended for alignment. Additional clearance between wood dowel and pre-drilled hole is intentional for ease of assembly.

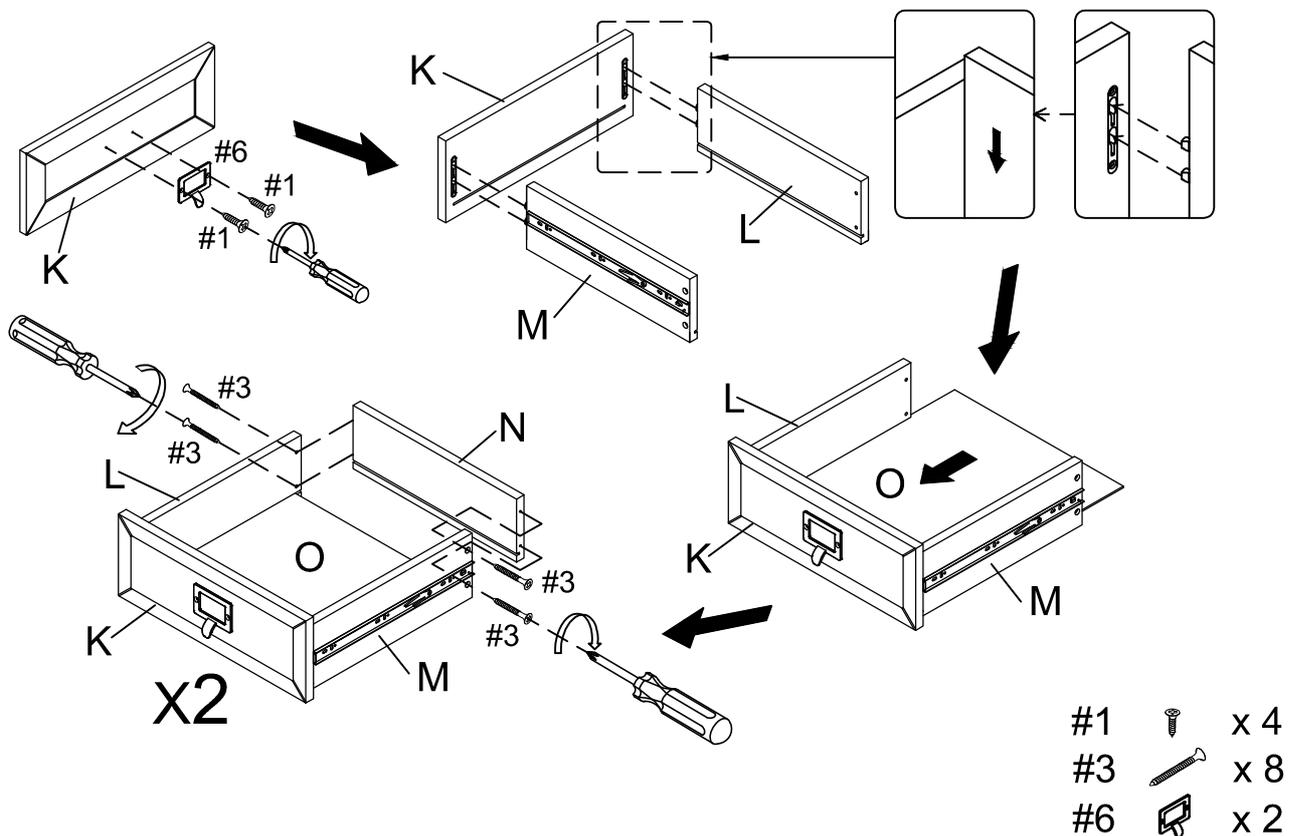

Please do not use tools to assemble this unit unless specifically indicated.

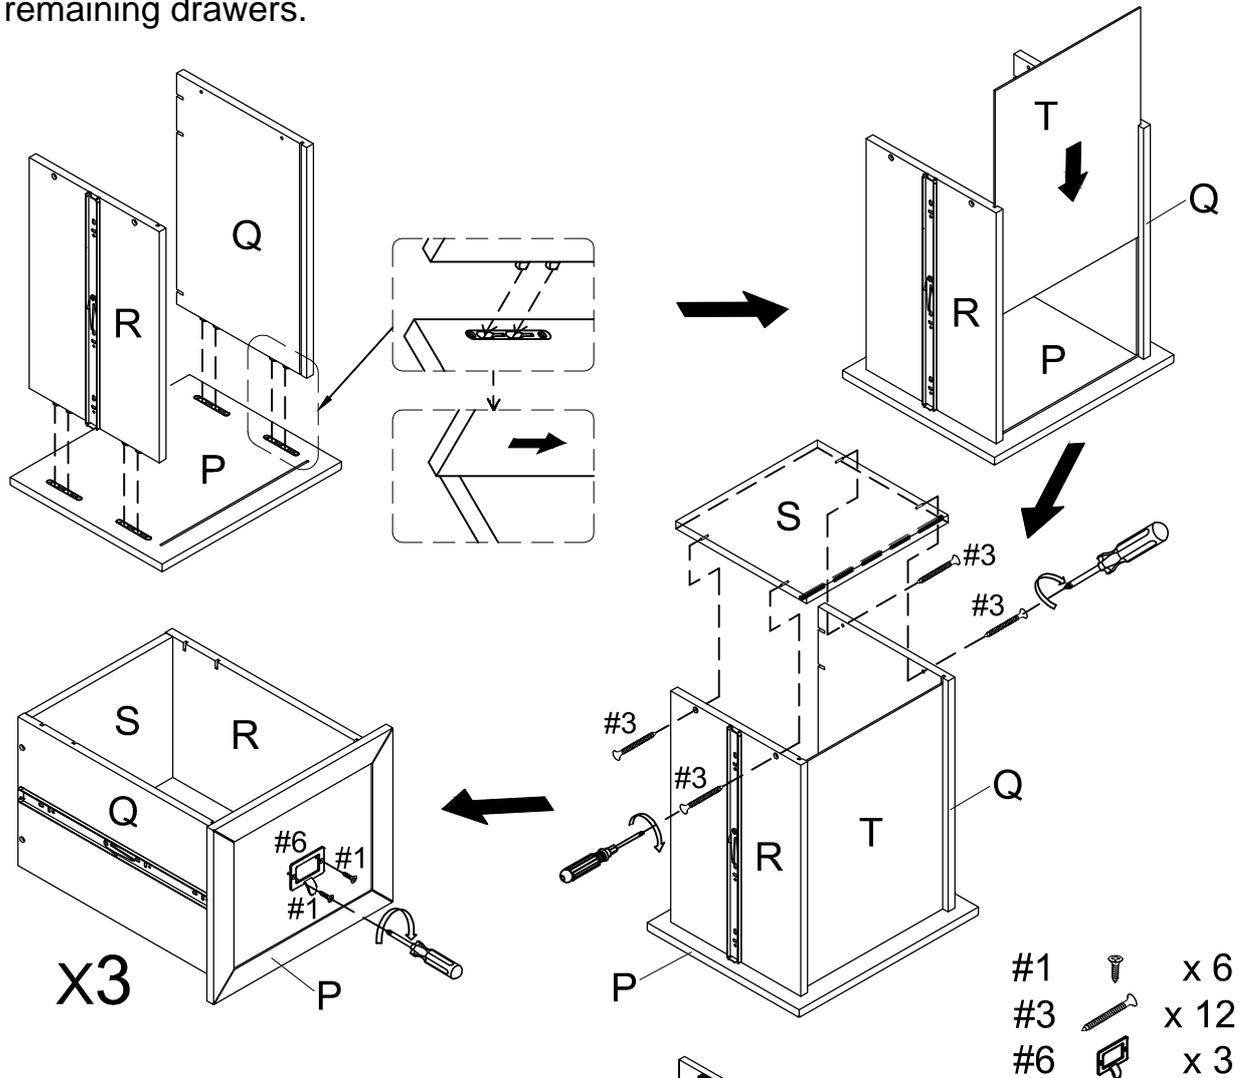

Reference the image above any time the instructions state "lock the hardware" or "insert hardware and pull down to lock".

Be sure to check all hardware is locked when complete.

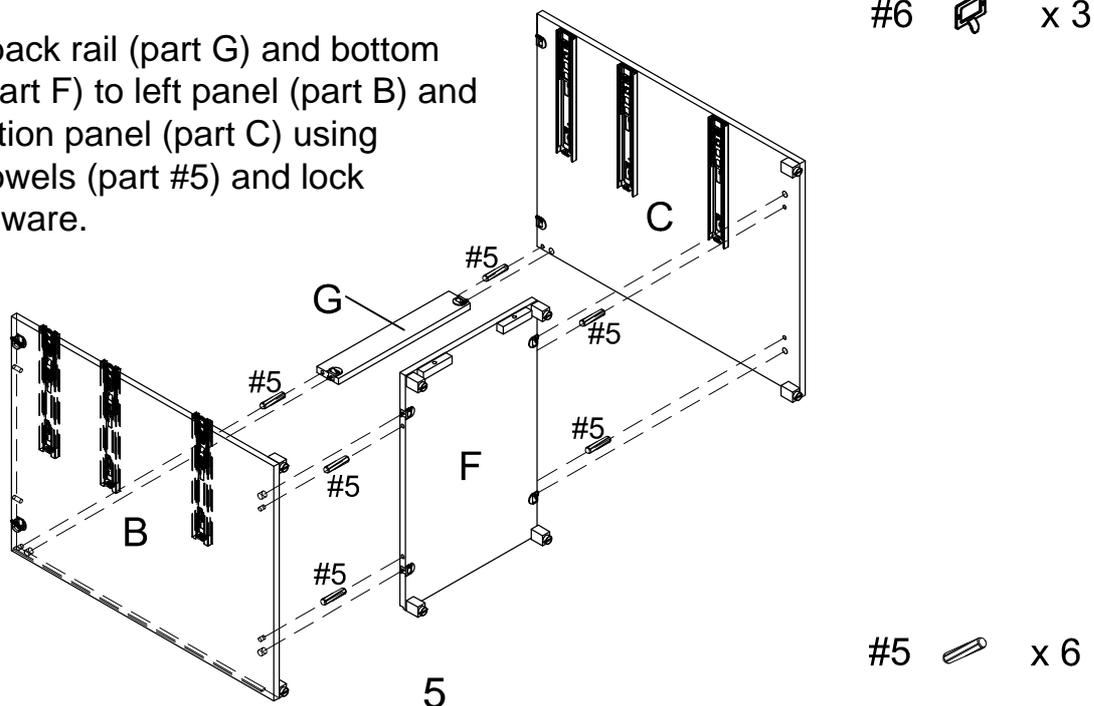

Step 1. Attach handle (part #6) to small drawer front panel (part K) using short screws (part #1) and phillips head screwdriver. Insert small drawer panels (parts L & M) into small drawer front panel (part K) and pull down to lock. Slide small drawer bottom panel (part O) into grooves of assembled unit (parts K, L & M). Attach small drawer back panel (part N) to assembled unit (parts L, M & O) using long screws (part #3) and phillips head screwdriver. Repeat for remaining drawer.

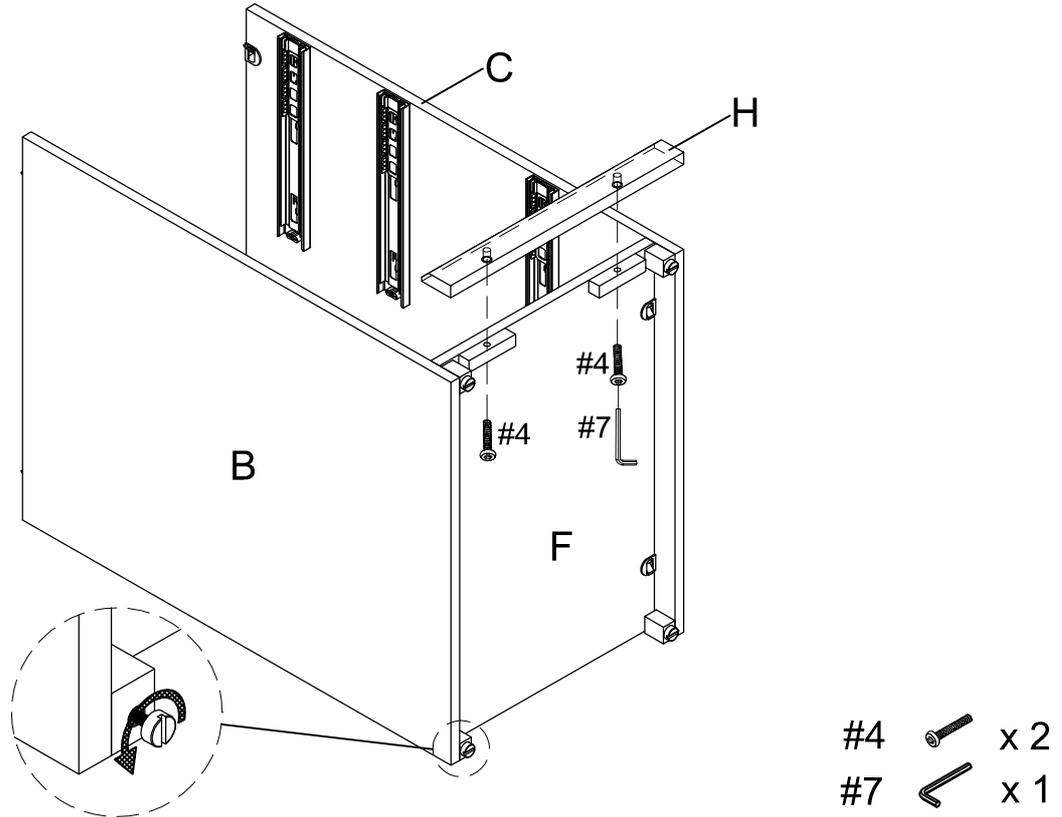

Step 2. Insert large drawer panels (parts Q & R) into large drawer front panel (part P) and pull down to lock. Slide large drawer bottom panel (part T) into grooves of assembled unit (parts P, Q & R). Attach large drawer back panel (part S) to assembled unit (parts Q, R & T) using long screws (part #3) and phillips head screwdriver. Attach handle (part #6) to large drawer front panel (part P) using short screws (part #1) and phillips head screwdriver. Repeat for remaining drawers.

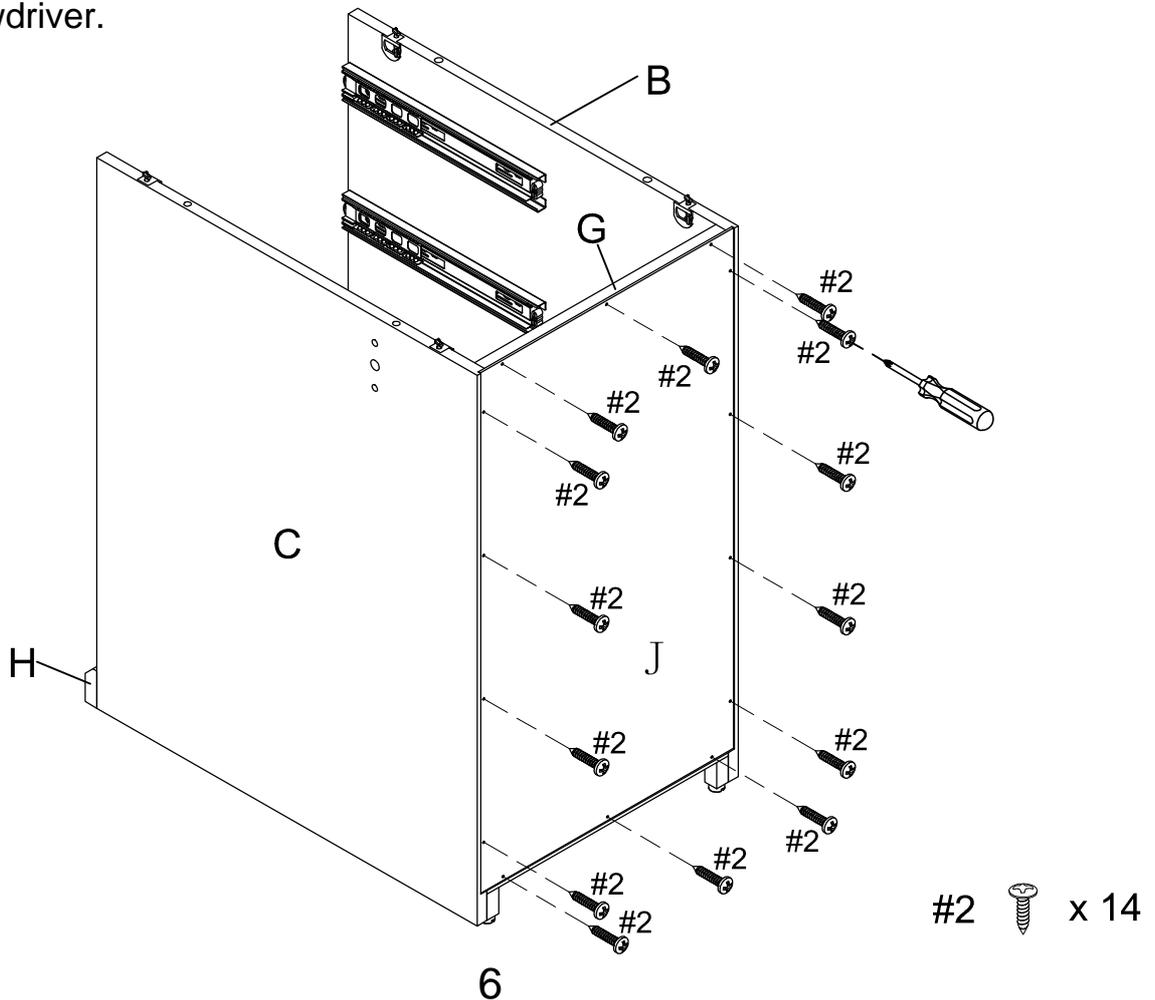

Step 3. Attach back rail (part G) and bottom panel (part F) to left panel (part B) and left partition panel (part C) using wood dowels (part #5) and lock the hardware.

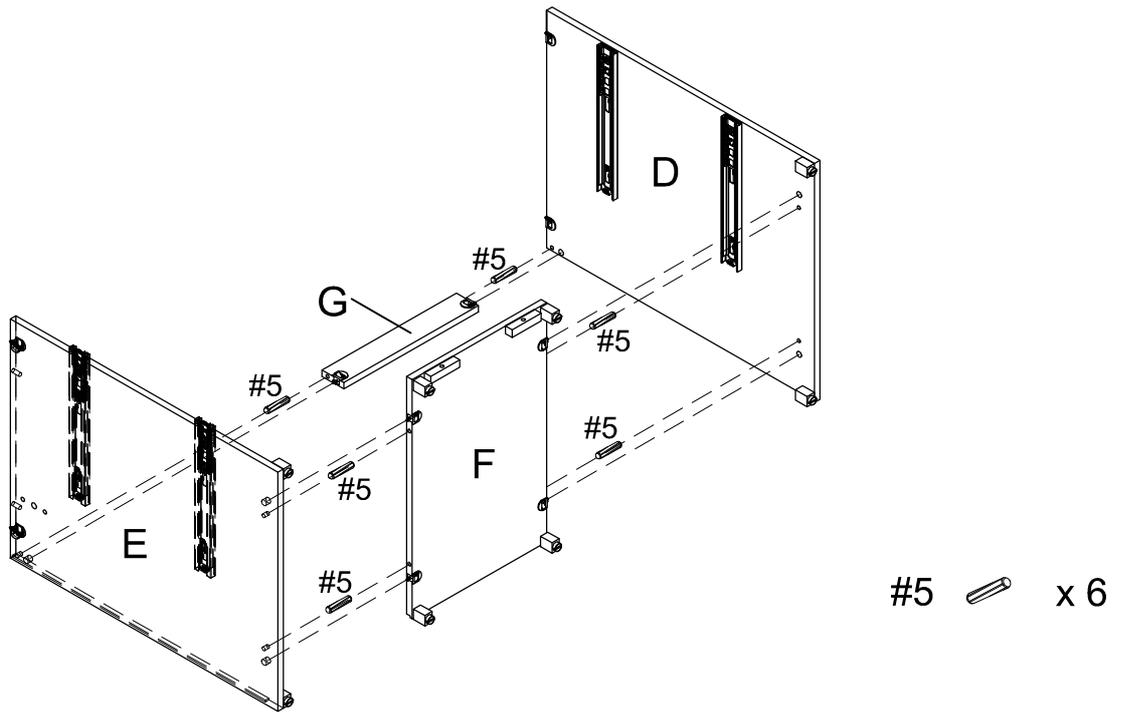

Step 4. Attach bottom rail (part H) to assembled unit (parts B, C & F) using bolts (part #4) and allen wrench (part #7).

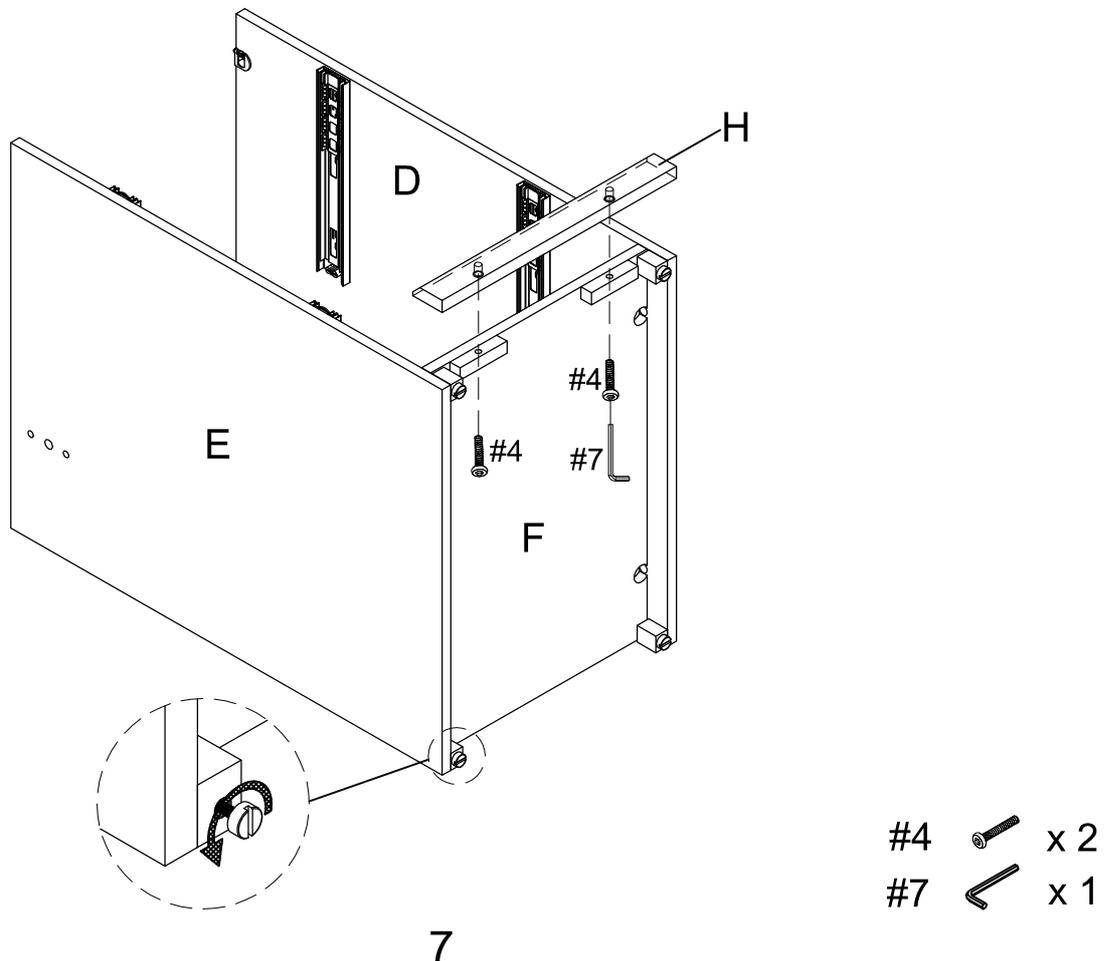

Step 5. Carefully turn unit upright. Attach back panel (part J) to assembled unit (parts B, C, G & F) using round head screws (part #2) and phillips head screwdriver.

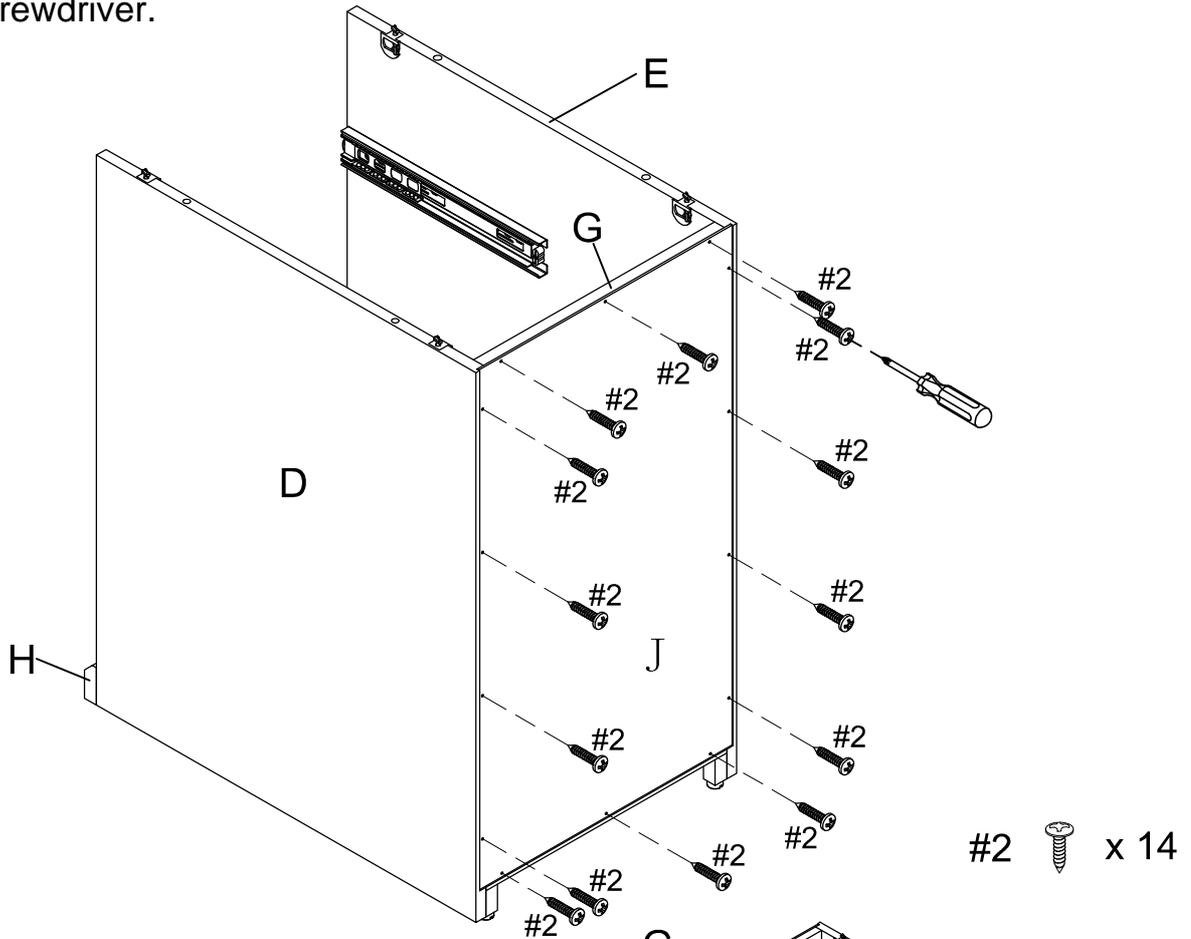

Step 6. Attach back rail (part G) and bottom panel (part F) to right panel (part D) and right partition panel (part E) using wood dowels (part #5) and lock the hardware.

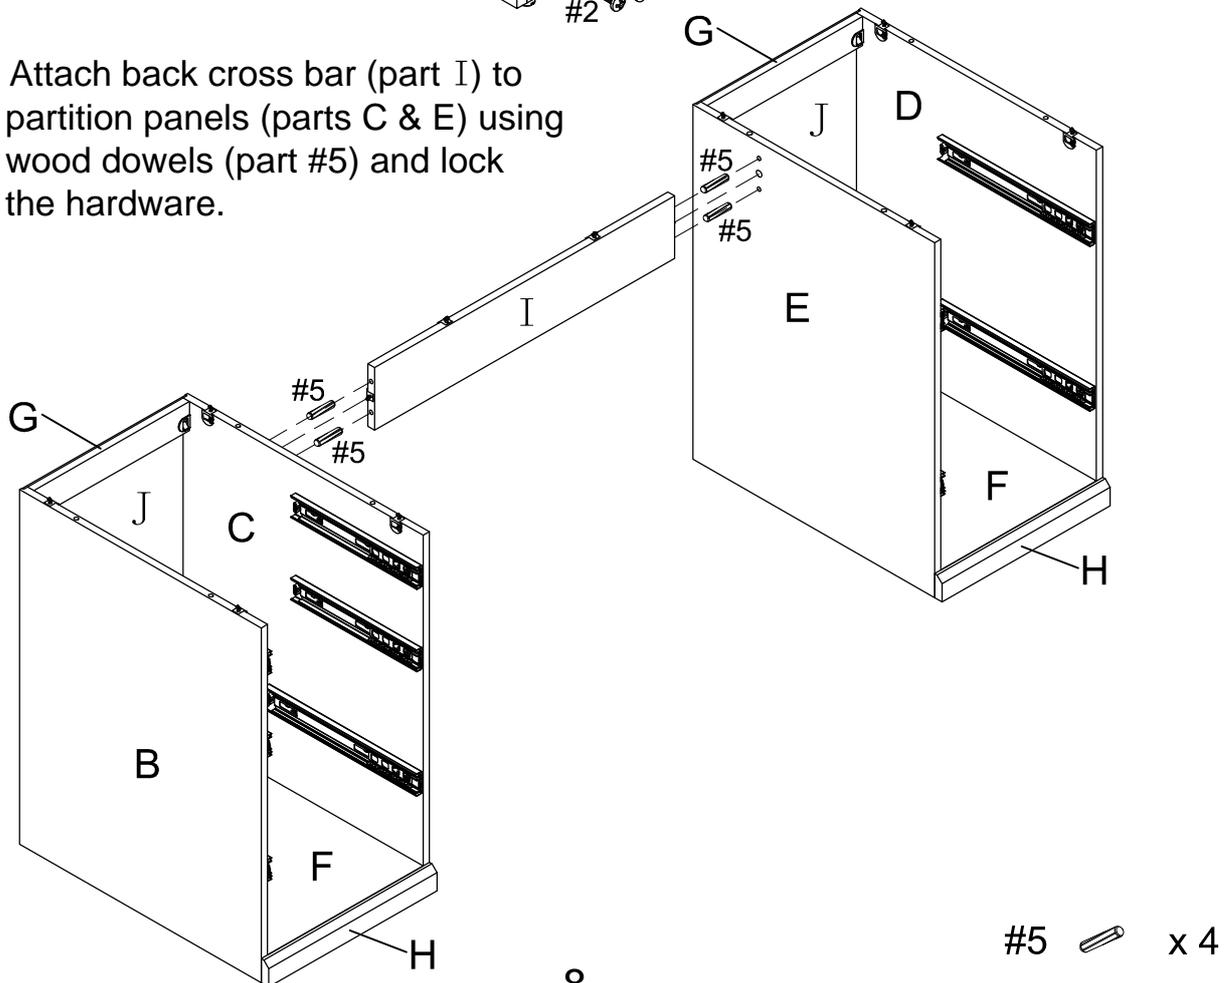

Step 7. Attach bottom rail (part H) to assembled unit (parts D, E & F) using bolts (part #4) and allen wrench (part #7).

Step 8. Carefully turn unit upright. Attach back panel (part J) to assembled unit (parts D, E, G & F) using round head screws (part #2) and phillips head screwdriver.

Step 9. Attach back cross bar (part I) to partition panels (parts C & E) using wood dowels (part #5) and lock the hardware.

Step 12. Slide assembled large drawers into place and insert file hangers (part #8) into the designed grooves.

NOTE: It is important to adjust levelers once fully assembled and upright. Extend adjustable leveler until it's firmly in contact with the floor. If relocating, adjust leveler as needed until it's firmly in contact with the floor in new location.
